II. MOSCOW]. Medical education in central Asia is held back by its scarcity. High state expenditure on health-care is linked to overstaffing in the health sector, with attendant poor quality, and low educational and training standards. Intensification of medical education is needed to meet the expected health-care needs of this region and, at the same time, to improve quality and cost-effectiveness. The article presents the situation in the Soviet Union as the leading educational and scientific centre, and suggests ways of improvement.Q: Cannot convert a BLOB to String I am trying to print the value of a blob to the console, but I am getting error of Can't convert BLOB to string. I'm using the mysql 5.7 and Oracle 11g. CREATE TABLE myTable (id VARCHAR(3), name VARCHAR(50), row_id BLOB, PRIMARY KEY (id, row_id)); INSERT INTO myTable (id, name, row_id) VALUES ('12345', 'XYZ', 'jklycvjbfjdklbjfkld', 'fklycvjbfjdklbjfkld'); SELECT id, row_id FROM myTable; I want to print the row_id of myTable so I want to print fklycvjbfjdklbjfkld to the console. I have tried this query SELECT * FROM myTable; but I get an error. A: To turn the BLOB into a string (which you will have to do since the column type is BLOB), you can use the STR function. SELECT id, STR(row_id
