Category:Bestselling books Category:Non-fiction books about labor historyThe Raw 33% Vol. 2 The Raw 33% #2 Revelation \$1.99 Published: November 18, 2011 This is the second book of the new weekly series “The Raw 33%” written by Jason Aaron and illustrated by Ed McGuinness. Based on the study of social science, which states that 33 percent of the United States population share every single one of its liberties, “33 Percent” is a political science book with a punch. “The Raw 33%” takes this same study and distills it down to a short story. As the title suggests, it’s about the new 33% and how they live their lives. If you have ever wondered what it would be like to live in a world where 33 percent of the American people share every single one of its liberties, you need look no further.A few weeks ago, Gayle King was kind enough to call ABC’s Daytime Diva into her D.C. office to talk about when she realized she was gay. Hang on, this is a TV-based blog. They could cut the part where she actually said that. Anyways, Gayle King had a really great perspective on the situation. She said she just knew, when she turned 22, something was “wrong” with her. It was her gaydar. Gayle said: As I was growing up, I didn’t feel I could be myself... I always felt like I wasn’t good enough. I feel like I just knew when I turned 22... there was something wrong with me. Gayle said she just knew it and never questioned it, even when she was young. Gayle, when she was young, she used to always tell us that she was still being around for a reason. She felt like she had something to do and she wanted to live a long time. I used to think, how come we’re here... and I’m still here? Gayle mentioned how she was “attracted to girls” but that she was always “so afraid to tell anyone” because 754eb5d184
